HEALTH BOARD IS BUSILY AT WORK

About Twenty Suspects in Durance Vile Pending Examination.

MENACES TO HEALTH

Keeper of Evil Resorts, Inmates and Visitors to the Same Are Being Brought Into the Limelight.

Thirty-five or forty men were assembled today at a certain street corner, which brought forth queries from passersby as to the meaning. The gathering was in front of a building in which is situated the office of the health department. It had become known that operations in connection with the work of the clinic recently established in this city were being conducted there. And this had brought the crowd together.

About twenty men and women, white and colored, were arrested during the past forty-eight hours. Some are suspected of conducting evil resorts, others of being inmates and the men having been caught within their doors were, according to law, arrested as visitors to evil resorts and subjected to physical examinations. After the health officers shall have made their report, the parties will be arraigned before the Police Court to answer charges of lasciviousness or keeping bagnios.

Should any one arrested be regarded as a menace to the health of the community, he or she will be committed to a state farm where, like the leper of old, they will be compelled to remain until furnished with clean bills of health.

Under the law each physician is required under a penalty to furnish the health department with a report of all cases of a certain nature which are brought to their attention. The name, occupation and address of each must be furnished, in order that the health department may keep track of their movements.

During the latter part of the civil war (55 years ago) the military authorities took steps towards the ejectment from this city of certain men and women. Questionable houses were at that time scattered in every section of the city. The work was but partially accomplished, and towards the end of hostilities no improvement in moral conditions was apparent.

Our health department, however, is laboring under different auspices at present. It is backed by the United States government and is likely to carry out its aims in the good of the community in which it is located.

Stewart, of Washington, will preach his first sermon. Rev. H. J. Stewart's sermons in the Second Baptist Church of that city have attracted wide attention. UNIQUE RECORD

In commemoration of twenty years service as superintendent of Christ Episcopal Church Sunday School, Edward S. Leadbeater yesterday was presented with a handsome Bible. He succeeded his father, the late Edward S. Leadbeater, who served for thirty years in the same capacity, making a total of fifty years for father and son.

An unusual record—and worthy the fitting testimonial given by those who serve with him in the important work of teaching the young the simple truths of Christianity.

MAY AVERT THE MINERS' STRIKE

Prospects Today Said to be of an Oppimistic Nature

STATEMENT BY LEWIS

All Demands of the Union He Represents Are "Subject to Negotiations," it is Alleged.

Indianapolis, Oct. 27.—Prospects for averting the coal strike were optimistic today following the news from Bloomington, Ill., last night that John L. Lewis, acting president of the United Mine Workers, had issued a statement saying that all demands of his organization were subject to negotiations.

A "suitable reply" to the President's statement holding the impending strike to be not only unjustifiable, but unlawful, probably will be drawn up at meeting of the international executive board of the United Mine Workers of America, to be held here Wednesday, according to a statement by William Green, secretary-treasurer of the United Mine Workers.

Green declined to comment on the President's statement pending such action as the board may take, further than to say that it was impossible now to rescind the strike order, effective November 1.

"I suppose that a suitable reply to the President's statement will be drawn up at the meeting Wednesday," he said. "The meeting had already been called for that date, but consideration of the President's statement will now be the most important business before the board."

A HAPSBURG FOR KING

Crown of Hungary to be Offered to Archduke Joseph

Stockholm, Oct. 27.—The Svenska Dagbladet learns from what it considers an unusually well informed source that the Archduke Joseph of Austria will soon be elected King of Hungary. His popularity and authority, th enewspaper states are growing steadily with the population and his consort, Princess Augustine of Bavaria, also enjoys great popularity as the result of her self-sacrificing work for the Red Cross during the war and the subsequent period of unrest.

If the Entente objects to the assumption of the throne by this Hapsburg archduke, the thousand-year-old crown of Hungary will be offered it is stated, to a foreign prince, probably of the English royal family. A resumption of the throne by former Emperor Charles is out of the question.

Archduke Joseph, often referred to as the most popular member of the Hapsburg family, has long resided in Hungary, and his authority and influence there were such, even after the overthrow of the monarchy, that he was able to form a government of which he was the head in August last. His retirement, however, was demanded by the peace conference as a condition precedent to any negotiations for peace.

PROPOSED COUNTRY CLUB

Report Will be Made by Committee Thursday Night

The meeting which took place last Friday night at the Chamber of Commerce was so well attended in spite of the inclement weather, and the sentiment there expressed was so unanimously in favor of the formation of a country club that a committee on ways and means was appointed to select a desirable location in the vicinity of Alexandria.

This committee has been examining several possible sites and expects to haev its report ready for presentation at the meeting to be held Thursday night at 8 o'clock in Chamber of Commerce.

The finance committee is also busy in formulating plans which they expect to present for consideration at the same time.

It has come to the knowledge of the committee that the circular letter sent out last week did not reach every one who might be interested in joining such an organization. If such is the case, it is hoped that Thursday nights meeting will find them present and ready to co-operate.

ONE MAN CAUSE OF STRIKE

Bolougne Steel Works Refuses to Discharge Non-Union Employee.

Bolougne, Oct. 27.—All iron working industries in Bolougne are shut down as the result of refusal of one workman to join the ironworkers' union. The trouble began with a partial strike in one of the least important works, some of the employees walked out because one workman solicited by his comrades to join the union refused.

The secretary of the union demanded this man's discharge, which the manager of the works refused. Thereupon a general strike in the iron trade was declared, involving the shutting down not only of steel and iron works, but stoppage of the electric generating plant. Theatres and bakeries were forced to close, the latter unable to bake bread because the water supply was cut off.

The situation, already serious, menaces even graver developments. The trades unions are threatening a general strike in all trades unless they have their way in dismissing the workman against whom they have no other grievance than that he refused to join the union.

IN MEMORIAM

In loving remembrance of our dearly beloved sister, Madeline Butcher, who died one year ago today, October 27, 1918.

She is lying, calmly lying,
Folded hands across her breast,
And she knows not of the dying,
But a lying down to rest.
And the wind, that's softly sighing
Says to those dear ones forlorn
See, she is not dead, but sleepeth,
And will waken in the morn.

256-1p. Loving sisters

In sad and loving remembrance of our daughter, Madeline Butcher, who died one year ago today, October 27, 1918.

The blow was hard, the shock severe,
To part with one we loved so dear
God loved her too and thought it best,
So took her to His heavenly rest.
Days of sadness still come over us,
Hidden tears so often flow,
Memory keeps our loved one near us
She left us sad one year ago.

In sad but loving remembrance of my beloved husband, Louis Fultz, who departed this life one year ago today, October 26, 1918.

A precious one from us has gone,
A voice we loved is still,
A place is vacant in our home
That never can be filled.
His heart was true, his life was sweet,
His face our minds will always see,
Forgotten he will never be.

256-1p. By his beloved wife and son

In sad but loving remembrance of my dear brother, Louis Fultz, who died one year ago, October 26, 1918.

My thoughts are always wandering
To the grave not far away,
Where my brother is lying
In his peaceful and lonely grave.
I often sit and think of you
When I am all alone.
But memory is the only thing,
That grief can call its own.

By his loving brother,
256-1p. B. C. Fultz.

DUTCH PRESS OBJECTS

Protests Against Proposal to Surrender the Kaiser

The Hague, Oct. 27.—The entire Dutch press joins in scathing criticism of an article advocating the surrender of the former German Emperor for trial, which appeared recently in the weekly journal, New Amsterdam. In the article, the editor, Prof. J. A. Van Hamel, the Dutch publicist, who was selected by Sir James Eric Drummond, secretary general of the League of Nations, as head of the legal department of the secretariat of the league, argued that the question of the extradition of the former Emperor should not be treated as a purely legal matter. It should instead be regarded, he says, from the point of view of the new jurisprudence, belonging to the new era, and formal judicial obstacles should not be permitted to stand in the way of the extradition of Count Hohenzollern.

LABOR PARTY IMMINENT

Leaders Work on Political Lines, Washington Hears

Washington, Oct. 27.—The belief is becoming stronger among political observers in this city that the prevailing industrial conflict in this country will result in a concerted effort to form a powerful labor party which will ge before the country next year with its own ticket and its own platform.

It is an open secret, of course, that there are bold labor leaders who are working feverishly to this end; who are seeking to capitalize the unrest for political use, and that they are urging their followers to go into active politics as a great third party as the only means of accomplishing the fixed purpose of labor to become the undisputed master of American industry.

PETROGRAD IS ABOUT TO FALL

Plans to Push Past Capital and Take Up Strong Defensive

WHITE ARMY MOVING

Bolsheviki Reinforcements Fail to Check Fresh Offensive—Denikine's Rear in Danger.

Reval, Oct. 27.—The fall of Petrograd is inevitable, according to reliable advices. General Yudenitch intends after the capture of the city not to halt in Petrograd, but to march forward to the line of Ladoga. at the River Volkhov, which connects Lake Ilmen and Lake Ladoga, about 75 miles to the east of Petrograd, where a convenient line of defense against an attack from the direction of Moscow, protected on either flank by the two big lakes, is offered. A mobilization of the population in the rear of this line for the defense of Petrograd is contemplated.

Many have already left here en route for Petrograd, but they will not be permitted to enter the city, it is stated, because of the disease and shortage of food prevailing in Petrograd.

Helsingfors, Oct. 27.—The official reports of the northwestern army state that General Yudenitch has successfully resumed the offensive southwest and southeast of Petrograd, in spite of the arrival of Bolshevik reinforcements from the north Russian front. The White troops have fought their way eastward as far as Tosna, 25 miles east of Gatchina, on the railroad to Moscow. This point had been reached earlier by cavalry raid.

The White troops were also pushing their way northward from Krasnoye Selo toward the Gulf of Finland, in an endeavor to reach the coast at a point between Kronstadt and Petrograd.

AFTER THE WAYWARD

As is ever the case, when the population of a city is on the increase, questionable characters make it their objective. It was so when the magic city of Hopewell sprung up in a night. It was so in 1861 when Alexandria became the base of supplies of the Army of the Potomac and our population doubled within a few months. It is so now after certain enterprises have come to our city. Apart from comparatively harmless growths, the city is infested with a class who rejoice in their shame and whose income is derived from another source, a disgrace to any community. We refer to the brothel.

A movement against the "red light district" years ago resulted in clearing augean stables of north Lee street, but, as was anticipated at the time, the tentacles of that Whitechapel spread in every direction, and while the brazing effrontery of the "northeast', was no longer in evidence, there was much reason to believe that temples of Astarte had been transported to other sections, in some cases on residential streets.

The element referred to is increasing all the time; females of bankrupt character are wending their way towards our previously quiet city for the purpose of participating in the general prosperity Unfortunately, some native and to the manner born are on the broad road to destruction, and living in bold defiance of the laws of God and man. They do not hang out shingles, but the resorts are known and patronized by those whose wont it is to go wrong.

The health officials of Alexandria (United States army officers and wearing uniforms) acting under federal and state laws and aided by the members of our police force, are corralling this undesirable element and subjecting them to the prescribed medical regulations. After their reports shall have been received by the Police Court they will be made to answer charges of conducting disorderly houses or of lascivious conduct.

About twenty persons, white and colored, male and female, are now being held subject to the action of the health officers. Under the existing laws, the proprietress, inmates and visitors to questionable resorts are subjected to the same treatment and are liable to be fined or imprisoned when clear cases are proven.

OUR SHIPBUILDING PLANT

The fifth mammoth steel steamship constructed by Virginia Shipbuilding Corporation glided gently into the Potomac at noon last Saturday in the presence of a large multitude, including many Washingtonians as well from other cities who had come here to witness the launching.

The keel of the "E. A. Morse," the latest addition to the fleet, was laid the day following the launching of the "Gunston Hall" the first product of the corporation, which was committed to its element on the 27th of last February. It was laid upon the cradle which had been abandoned by the "Gunston Hall," hence eight months have had been consumed in bringing to the birth the "E. A. Morse." The keel of another steel ship will be placed immediately upon the same cradle.

It is currently reported at the plant and among those interested in the Virginia Shipbuilding Corporation that two more ways are to be constructed in the near future, probably north of the four cribs upon which ships are now being constructed. The new ways will be needed, it is said, to meet the requirements which are to be made upon the corporation, as orders for the construction of steam vessels of other types are anticipated by the officials.

The men at present at the head of the Virginia Shipbuilding Corporation are experienced in their vocation, and they are conducting the plant upon business principles.

The outlook of Alexandria's shipbuilding interests is good, and the effects of placing the plant in this city are becoming more apparent from a commercial standpoint every day, and the operators of the enterprise are realizing the wisdom they displayed in selecting our city for their plant.

THE THREATENED STRIKE

The President's statement of the issues and consequences involved in the refusal of the leaders of the United Mine Workers of America to call off the coal strike, scheduled to begin on November 1, puts these leaders as the Baltimore Sun says, "in a position in which continued obstinacy on their part will, in the language of the President constitute a fundamental attack, wrong both morally and legally, upon the rights of society and upon the welfare of our country.

"The President draws the line of responsibility so clearly and sharply that it is difficult to imagine how the representatives of the miners can persist in their determination to rule or ruin. Unless they have gone stark mad, they will lose no time in accepting the President's offer of mediation.

"The President expresses no opinion on the merits of the controversy." He says he "has already suggested a plan by which a settlement may be reached," and declares that he "holds himself in readiness to appoint at once a tribunal to investigate all the facts with a view to aiding in the earliest possible orderly settlement of the questions at issue." The rejection of this offer would be tantamount to a defiance of the President and the country.

"There can be on doubt that the miners' representatives will be guilty of a great wrong against the country if they ignore the President's appeal. There is reason to believe that the rank and file of the mine workers are not specially bent upon this strike. The President calls attention to the fact that "the action proposed has apparently been taken without any vote upon the specific proposition by the individual members of the United Mine Workers." If their leaders lead them into a ruinous conflict with the Government, and a murderous attack upon the masses of the people, they will be striking a blow at their own organization from which it may never recover.

"The President warns them like a friend, but he speaks with a firmness which they cannot misunderstand. He is willing to help them, if they will put their case in his hands. But if they are going to declare war on the country and on their fellow citizens, he will use all the resources in his power "to protect the interests of the nation." And in such a struggle the nation will be behind the President to the end, no matter how bitter may be the battle.',

PUPILS ON STRIKE

Demand Return of Principal Removed by the Board

Clifton, N. J., Oct. 27.—A strike of 250 pupils of the public school in the Albion Place Section was instituted in an attempt to enforce the demands of parents for the return of Ernest Peffer as principal.

Peffer was recently transferred to the Delawanna school after he had refused to comply with the request of William C. Jackson, president of the board of education, to pass Jackson's son, who had a rating of 48 per cent.

Mr. Jackson has admitted he asked Peffer to pass the boy. Peffer refused, and was upheld by George Smith, superintendent of schools, but was transferred "for the good of the service." Three hundred men and women went before the board of education and demanded Peffer's return. The board refused to order it.

It was brought out that the transfer was made upon recommendation of Jackson, who declared he requested it because he personally could not get along with Peffer.

An indignation meeting was held in a nearby street afterward and the parents decided to keep their children out of school. Only five of the 255 pupils appeared, The others paraded with signs reading: "We want Peffer back" and "We want Jackson removed." They serenaded Jackson's home.

PERSHING DENIES REPORT

"Ridiculous," Says General, "I'd Tell The World if it Were True."

New York, Oct. 27.—Gen. Pershing arrived here Saturday night on the Empire Express from Brandreth, N. Y., in the Adirondacks, where he has been on vacation for 18 days. He wore civilian clothes and appeared greatly rested.

Bent upon setting the persistent report that the general is soon to marry, a reporter asked the commander of the A. E. F. if such were the case. He replied:

"The report is ridiculous. If I contemplated marriage I would tell the whole world."

While on vacation, Gen. Pershing devoted his entire mornings and evenings to a report he is preparing for Secretary of War Baker on the reorganization of the army. In the afternoons he usually hunted or fished. He shot one fine buck.

GOMPERS PARADE

Washington, Oct. 27.—Organized labor's tribute to the war record of Samuel Gompers, veteran president of the American Federation, which is scheduled to take place here Tuesday night, is expected to excel any similar celebration that has ever taken place in Washington.

The demonstration was originally planned as an honor to Mr. Gompers upon his return from Europe a year ago. At that time death in his family caused an indefinite postponement. It is planned to have a parade-pageant march up Pennsylvania avenue to be participated in by 40,000 persons.

SENATOR MARTIN TIRES

Charlottesville, Va., Oct. 27.—After another good night's rest, Senator Martin seemed to enjoy his breakfast and conversed freely during the morning hours yesterday with his brother John and two children. About midday, however, he appeared more tired than usual, and intimate friends who called during the afternoon were not allowed to enter the sick room.

Yesterday evening he rallied perceptibly and was allowed to see Judge John W. Fishburne, of the circuit court, and Frederick T. Scott, a Richmond financier.

New York, Oct. 27.—Temporary relief of the sugar shortage here was promised Saturday, with announcement that Federal Food Administrator Arthur Williams had located the hidden supply of 2,000,000 pounds.

The sugar, enough to supply the city for a week, will probably be taken over by the Federal officials and placed on the market, it was said.

LOCKOUT IN SPAIN

Employers' Union Against Labor Provokes Government Members

Madrid, Oct. 27.—The congress of Spanish employers, sitting at Barcelonia, declared yesterday a general lockout of workmen throughout Spain. The lockout order will be effective Tuesday, November 4.

The Minister of the Interior, in announcing this decision, said it was an act of provocation against the workers and expressed hope that the employers would co-operate with the government in establishing industrial peace and not carry out the measure.

In addition to declaring a lockout, the congress decided to make its organization permanent, partly as a protest against the alleged crimes of the syndicalists, a Barcelonia dispatch says. The employers protest against the government's failure to protect their interests. The employers are dissatisfied with the new social laws granting workers shorter hours and providing pensions.

CAR STRIKERS IN RIOT

Troops Called Out to Halt Disorder Among Trolley Men in Knoxville

Knoxville, Tenn., Oct. 27.—Disorders, which at times closely approached rioting, marked the resumption of street car service in Knoxville yesterday, with nonunion men manning the cars after a tie up of eight days due to a strike. Several persons were injured, none seriously, in the clashes.

Six companies of the Fourth Tennessee Infantry were ordered transported to Knoxville immediately following a conference last night of municipal, county, State and Federal authorities. One company each is ordered from Chattanooga, Nashville, Athens, Cleveland, Harriman and Johnson City.

Three other companies at Cleveland, Harriman and Johnson City are being held in readiness in event the strike gets beyond the control of the authorities. The Governor said that while he expected no further disorders in Knoxville he would hold the other State troops in readiness as a precautionary measure.

Baxter Sweeney, Adjutant General of the State, who has charge of the troops, has been given authority by the Governor to send special trucks for additional soldiers should the situation at Knoxville become more serious.

Memphis, Tenn., Oct. 27.—Headquarters Company and Companies L and M, of the Tennessee National Guard at Memphis, received orders last night from Adjutant General Sweeney to be in readiness to go to Knoxville at a moment's notice. Majors Wilson, Moore and R. J. Moss of this city, left to confer with Adjutant General Sweeney.

Nashville, Tenn., Oct. 27.—Governor Roberts late yesterday called out two companies of State troops for guard duty at Knoxville to prevent rioting among union and nonunion employes of the Knoxville Street Railway Company.

WOMAN SCALDS OFFICER

Riverside, N. J., Oct. 27.—Endeavoring to protect employees of the Keystone Watchcase plant from the threats and intimidations of striking foreigners, C. J. Thornton, a deputy officer, was terribly scalded when a woman ring leader of the strikers emptied a pot of boiling coffee over his head, as he was about to arrest her. The attack came to a climax of a small riot when foreigners blocked the sidewalks and assumed a menacing attitude toward workmen who have remained loyal to the company or have returned to work since the walkout. Thornton is under the care of a physician and his condition is said to be serious.

A score of police were rushed to the scene of the disturbance when the alien woman, whose name the police have not yet learned, was leading a small crowd of strikers. Beating on a dishpan and shouting insults at workmen, she was told by the officers to stop the noise and go home. When she refused and insulted them, they placed her under arrest.

She screamed to be allowed to take her baby to jail with her, and Thornton sympathetically permitted her to enter a house. Instead of the infant, she returned with the large pot of boiling coffee, which she dashed into the officer's face. Thornton, taken by surprise, was unable to dodge and was scalded from the head to the waist. Fellow officers hurried him to a physician and the woman temporarily escaped.

RED TAPE AMONG ALLIES AT VLADIVOSTOK

$2 BRINGS GIRL FORTUNE

Farmer-Tramp Leaves $65,000 To Benefactor.

Council Bluff, Iowa., Oct. 27.—Nine years ago Miss Sarah Lindley, of Osage, Iowa, invested $2 and a smile with a tramp who stopped at her uncle's home for a meal Recently she received notice that the tramp had died and had left her $65,000 in Minnesota land and in cash.

Miss Lindley is 24 years old now and a clerk in a dry goods store in Osage. When she gave the tramp the $2 bill and the smile she was only 16.

"I'm going to buy me an automobile and keep right on working—provided I don't get married," says Miss Lindley.

Miss Lindley, then in high school, was visiting at the home of her uncle, G. O. Lunde, near Nora Springs, Iowa, when she made the investment. She is the daughter of Ole Lindley, of Osage, and she has four brothers and six sisters.

One day, after dinner, an elderly man, poorly clad, came to the door of the farmhouse and asked for something to eat Mrs. Lunde was busy, but it was the rule of the Lunde home never to turn a man away from the door. So Sarah Lindley placed food on the table and the tramp was invited to sit down and eat.

Before he finished it began to rain. At the end of the meal he filled his pipe and sat and smoked while waiting for the shower to be over. Except for giving thanks for the meal, he had not spoken a word.

Presently Sarah noticed tears in the old man's eyes, and her sympathy was aroused. Finally she asked him what the trouble was.

"My wife," he answered.

"She deserted me three years ago. I have been hunting for her ever since. I loved her, but she did not love me. My money gave out. If I had a little money I might find her.

Sarah did not question him further She did not ask his name. But when the shower was over and the old man knocked the ashes from his pipe and prepared to leave, she said:

"Wait a minute."

Then she went into an adjoining room, got $2 from her purse, and, returning, handed the money to the old man.

CRUZE HAS GOOD ROLE

James Cruze, who plays the part of Simp Calloway, the outlaw, in "Believe Me, Xantippe," the latest Paramount release starring Wallace Reid with Ann Little, is considered one of the best character men in the pictures. He is so amazingly clever in make up, that the other actors do not always recognize him when he first appears in a new role. Simp Calloway is a part that adds another real achievement to the long list of the Cruze character creations. "Believe Me, Xantippe," will be shown at the Grand Theatre tonight and also 13th Chapter of "Perils of Thunder Mountain."

Anglo-American Mission Finds Living in Palestine Expensive

New York, Oct. 27.—A delegation sent to Palestine for educational and relief work by the Anglo-American Society reported by cable yesterday to the society's headquarters here that it had reached Jerusalem. According to the message, the high cost of living has reached its zenith in the capital of Christianity. Hotels charge a minimum of $100 a week and travelers heat rooms as best as they may, as coal is unobtainable and the Turks burned everything wooden in sight.

BABES BEG FOR BREAD

New York, Oct. 27.—"From Brest to Pinsk the trip in the train was a continuous experience of a very sad nature," wirtes Dr. Boris D. Bogen, in a report received by the American Jewish Relief Committee telling of his work in Eastern Europe as a representative of the joint distribution committee, which is trying to save the hundreds of thousands of starving war sufferers.

"On each station we were met by children begging for bread. I stopped whenever I could, bought loaves of bread and distributed small pieces of it to the children. These hungry children are fed just by the passengers of the trains that pass this territory once or twice a day."

LITTLE HOPE FOR WETS

shington Thinks Dry Act Will Become Law Without Wilson's Signature.

Washington, Oct. 27.—The best in- mation available at the White use indicates that the President l let the Prohibition Enforcement , now on his desk, become a law hout his signature. It is believed t Attorney-General Palmer has ommended that it be allowed to ome a law.

The time limit on the bill is 4 ock today, according to Joseph P. nulty, secretary to the President. o received the measure on its ar- al at the White House.

Dr. E. C. Dinwiddie, of the Anti- loon League, predicted today that re will be no wet hyatus.

"It will be late in November when German peace treaty is disposed " said. "Then it will require sev- l weeks to discuss the ratification solution with other countries. The r Prohibition Act will be in effect til the present war is over and n the peace treaty with Austria, as well as that with Germany, must be ratified. I see no hope for the wets."

There is, however, a general idea that the ratification of peace with Germany will mean the end of the war for the purpose of ending wartime prohibition.

SECRETARY DANIELS' PLEA

Wants Church Principles Applied in Politics and Industry.

Greensboro, N. C., Oct. 27.—A plea for application of the pirnciples of Christianity to the political and industrial problems now confronting the nation was made yesterday by Secretary Daniels in an address to the Western North Carolina Methodist conference.

Emphasizing American partnership in the creation of new European States from the ruins of overthrown autocracy, Mr. Daniels said it would "dishonor the dead and disgrace the living for us to evade this self-imposed responsibility to make a better world."

Mr. Daniels declared that the unrest evidenced by strikes cannot be stayed by any human mandate.

"The only answer to bolshevism," he said, "is Christian justice expressed in the Golden Rule."

POINDEXTER FOR PRESIDENT

Miles Poindexter, Senator from the State of Washington, last night announced himself as a candidate for the Republican nomination for the Presidency.

His is the first announcement of any candidacy for President before either of the party conventions. So far as any public man could recall last night, Mr. Poindexter is the first man in the history of American politics to make a public announcement as a candidate for the Presidency. It has been the custom for aspirants to allow announcements to be made by their patrisans and later to say they would accept if nominated.

WILL RATION STRIKERS

Provisioning Plans For Needy Made by National Committee of Steel Men.

Pittsburgh, Oct. 27.—Plans for provisioning needy steel strikers and their families were completed here yesterday by representatives of the national committee, and will be put into operation early this week. They provide that commissaries will be established at strike headquarters in every community where the men are out, ration cards being issued to families of six or more persons, after investigation by the local committee.

Under the plan two distributions of food will be made each week, as follows.

First half of week—Potatoes, 10 pounds; bread, 5 pounds; tomatoes, 1 can; corn, 1 can; peas, 1 can; navy beans, 5 pounds; oatmeal, 2 boxes; bacon, 1 pound; coffee, 1 pound; milk, 1 can.

Second half of week same as first half, with the following exceptions: Dry salt meat, instead of bacon; red beans, instead of navy beans; syrup, 1 can; no coffee.

"No merchandise shall be given out," says the order creating the commissaries, except to persons possessing commissary cards. The coupons of the commissary cards must be collected when giving out first half-week's supplies. The remainder of the cards are to be taken up by the clerk when the last half-week's supplies are given out. The coupons and stubs must be preserved carefully and forwarded to the national committee as receipt for the merchandise received. Commissary clerks are required to give out exactly what each card calls for. No exchanges or substitutions of any sort are permitted. Upon the strict observance of these rules will depend the success of the whole system of the strike relief."

Strike headquarters made no statement regarding the strike situation, and the steel companies were equally reticent.

A Woman's Hearty Recommendation

Worry and overwork cause kidney trouble, and women suffer equally with men. Miss Sara Weston, Belvidere, Ill., writes: "I could not stoop down and when I was down I had to crawl up by a chair, I was so lame I suffered agony. They relieve dizziness, puffiness under the eyes, sore muscles and joints and rheumatic pains when caused by disordered kidneys. Sold everywhere.

ASKS RECALL OF ORDER

President Asserts in Special Statement Action Taken is Not Justified

Washington, Oct. 27.—Following two sessions of the Cabinet Saturday, President Wilson issued a statement on the impending coal miner strike, set to begin within a week. President Wilson terms the threatened strike as "not only unjustifiable, but unlawful," and requests both national and local officers as well as individual members of the miners' union to recall all strike orders and do everything possible to prevent a tie up of the mines.

The Cabinet marked time yesterday in anticipation of word from John L. Lewis, president of the United Mine Workers of America, as to what policy the leaders of the mine workers' union would pursue with reference to the demand of President Wilson that they rescind their strike order.

The strike will go into effect November 1, but in administration circles last night there was a report that the miners' representatives were considering recalling their convention to debate whether or not they should withdraw the strike order and accept the President's proposal to appoint a tribunal to bring about an amicable settlement.

NEW DOCK STRIKE

Longshoremen's President, However, Says Tie-Up Nearing End.

New York, Oct. 27.—Efforts to end New York's unauthorized harbor tie-up were given another setback last night when it was announced that longshoremen, said to be members of 24 locals of the International Longshoremen's Union, today voted in favor of a general strike in the port of New York, to become effective immediately.

They declared that 22,000 dock workers employed on the piers in Manhattan, Brooklyn, Hoboken, Jersey City and Staten Island would obey the new strike order. They said that heretofore they had been on a "vacation."

On the other hand, T. V. O'Connor, president of the International Union, declared that the unauthorized strike of dock workers, which has been in progress for several weeks, was "breaking up." He said the situation looked better than ever for an end to the harbor tie-up, which has resulted in millions of dollars of losses to shippers. He asserted many of the longshoremen were returning to work.

WHEN A CHILD HAS CROUP

Thousands of mothers say Foley's Honey and Tar Compound is the best remedy for croup they know. It cuts the thick choking mucus, clears away the phlegm, opens air passages, and eases hoarseness. The gasping, strangling fight for breath gives way to quiet breathing and peaceful sleep. T. J. McCall, Athens, O., writes. "We have used Foley's Honey and Tar in our home for years and find it invaluable for coughs and colds, especially for croup for our children. We are never without it and cannot too highly recommend it." Sold Everywhere.

WILL THE INFLUENZA RETURN?

Public Health Authorities Predict Its Recurrence

Guard Against It by Building Up The Blood

Pepto-Mangan Creates Rich, Red Blood and Increases Strength

Surgeon General Blue, of the United States Public Health Service, in a recent statement from Washington, warns the public that the much-dreaded influenza epidemic will probably return this fall and winter. All medical authorities agree that the weak, bloodless, rundown individual is more likely to contract this (as well as any other infectious disease) than is the strong, robust, redblooded man or woman. In view of these facts, it is wise to use every effort to build up the blood and thus increase the bodily resistance to the invasion of the germs of the disease. Gude's Pepto-Mangan is an absolutely dependable red-blood builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks, and creates new hope and ambition in those who have become pale, weak, and listless. Physicians recommend Gude's Pepto-Mangan. When you order, be sure the word "Gude's" is on the package. Without "Gude's," it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.

LIEUT. DANIEL H. RUCKER

Government
Thanks Local Engineer for Part in War

WAR DEPARTMENT
Office of the Chief of Engineers
Washington

Lieut. Daniel H. Rucker, Engrs.,
Clarendon, Va.

Sir:

I. The demobilization of the army having made further sacrifice on your part unnecessary, I wish to convey to you my appreciation of your efforts in behalf of your country during the recent emergency. The Engineers of the United States have by their patriotic and self-sacrificing conduct well merited greater thanks and appreciation than it is possible for me or any other one man to give them. I am sure, however, that when it is possible to relate in full the efforts and accomplishments of American Engineers, both overseas and in this country, that the people of the United States will show appreciation of their efforts in no uncertain terms.

2. That you have been one of these Engineers and have contributed your part toward this successful accomplishment constitutes in itself an honor greater than any official expression of opinion. Permit me, however, to extend to you my personal thanks and those of the Corps of Engineers for your efforts and assistance.

Very respectfully,
W. M. BLACK,
Major General, Chief of Engineers.

Lieut. Rucker has done his "bit" toward making the world safe for democracy, as the above letter shows. He is now making a bid for your patronage—carrying out the same principles of fair dealing that earned him this personal letter from the Chief of Engineers. The Alexandria Lumber Co., is in business to serve the public and a personal visit to our plant will prove this. You are sure of a hearty welcome.

PRINCE OF WALES

Washington, Oct. 27.—With preparations completed for the arrival here tonight of King Albert, Queen Elizabeth and Prince Leopold, of Belgium, arrangements are being made for the second visit of European royalty—that of the Prince of Wales.

The heir to the British throne, it was learned last night unofficially is expected to arrive in Washington on November 11. Because of President Wilson's illness it has been stated officially that the Prince's visit would be curtailed, probably extending over a period of three days, the same length of time that the Belgium rulers will spend in Washington.

SIGNS PEACE TREATY

Pact Effective When Four Powers File Ratification Notices

Vienna, Oct. 27.—President Karl Seitz, of the Austrian Republic, signed the Treaty of Peace with the Allied and Associated Governments.

This completes the acceptance by Austria of the Treaty of St. Germain. The treaty will become effective when the formal notices of ratification by Austria and three of the principal Allied and Associated Powers have been deposited in the French Foreign Office, and this fact has been made public in a formal protocol.

Newspapers state that Hungary is willing to assist Austria in its present food and economic crisis with supplies of foodstuffs and raw materials. Hungary requires in return, however, as its price, it is stated, the extradition of Bela Kun and his associates in the late Communist government of Hungary, who took refuge on Austrian territory.

The announcement was made upon the arrival here of the destroyer Aaron Ward, bringing the bodies of the two aviators from Bahia, Los Angeles, on the Gulf of Lower California, to which point they had flown after losing their way in a border patrol flight from Yuma, Arizona, to San Diego.

THEATRES

RICHMOND THEATRE

The elusive mystery of India, the home of the poppy, the mystic, the magician and the beautiful Nautch-Girl dancers, is strikingly portrayed in "For A Woman's Honor," featuring H. B. Warner at the Richmond Theatre tonight.

Extraordinary care has been taken and no expense has been spared in making this production colorful and convincing in atmosphere.

In the native wine shop Nautch-girls are dancing to a weird concatenation of Oriental music, for the entertainment of a heterogeneous gathering of cosmopolitan roues and adventureres and curious tourists.

At the Ingomar Theater June Elvidge will be seen in "The Woman of Lies." Also Chapter 10 of "The Great Gamble."

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn, and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.
